

Friday 10th November

Dear Parents and Carers,

Children in Need

As you are probably aware, Friday 17th November is Children in Need day. We fully appreciate and support the work carried out by this charity and are keen to raise the profile of Children in Need with your children in school. We realise, though, that it is only recently we asked you to support our own fund raising to develop our school library as well as to support the NSPCC and the amazing work they also carry out. We will, however, be enabling you and your family to make donations to Children in Need via the school but will not ask for a specific donation or amount from you.

We know that many of you will be making contributions outside of school by attending and supporting different events as well as by purchasing merchandise.

Therefore, on the 17th November all pupils are invited to come to school dressed in spots to acknowledge the day. Also, we are sending a cardboard circle home with every child today to uniquely decorate and return on the day itself. These decorated spots inspired by Children in Need will then be come together and be displayed within school.

Thank you for your continued support.

Yours sincerely,

Mr. S. Wynn

Head of Academy
