

Monday 22nd January 2018

Dear Parents/Carers

We are writing to you to inform you of our incentive this year called Willow Green Goals, every student will be given a white sheet of paper to add their goal to. Full names are needed and the year of the class they are in, this information must be written clearly along with the aim for the year that they will try to accomplish. To make it more fun, we are allowing everybody to customise their paper however they like. Parents or carers please make sure all decorations stay within the perimeter. Every completed sheet must be handed into their teacher, on or before Friday 2nd February 2018. All goals will be displayed in the school building. Students of Willow Green Academy will be checking up on certain children to see if they have accomplished their goal or are working towards it.

Yours sincerely,

Millie Durkin.

School Council Representative
